

1. Legal Strength Rating

High – One argument is both legally valid and high-scoring: BESCOM's failure to restore power within 24 hours breaches the mandatory KERC (Standards of Performance) Regulations, 2021, triggering an automatic entitlement to penal compensation of ₹100 per hour up to ₹10,000. This statutory obligation is clear, quantifiable, and directly enforceable before the Consumer Forum and the KERC Consumer Grievance Redressal Forum.

3. Draft Complaint

(ready for immediate submission)

To
The Secretary,
KERC Consumer Grievance Redressal Forum,
Karnataka Electricity Regulatory Commission,
Bangalore – 560 009.

Subject: Complaint for penal compensation under Regulation 7.2 of KERC (Standards of Performance) Regulations, 2021 for failure to restore LT supply within 24 hours.

1. Complainant: Ravi Kumar, aged ____ yrs, S/o _____, Residing at _____, Bengaluru – _____.
2. Licensee: Bangalore Electricity Supply Company Ltd. (BESCOM), Corporate Office, Bengaluru.
3. Supply particulars: LT domestic service, Account/RR No. _____.
4. Incident:
 - a. Power supply failed on 2 March 2026 at about 08:00 hrs.
 - b. Written complaint lodged at BESCOM subdivision office on 3 March 2026 (Complaint No. 456789).
 - c. Supply restored only on 9 March 2026 at 18:00 hrs (total outage 7 days 10 hrs).
5. Breach: Regulation 7.2 of KERC (SoP) Regulations, 2021 mandates restoration within 24 hrs for urban LT faults; every hour of delay beyond 24 hrs attracts compensation of ₹100/hr subject to ₹10,000 cap.
6. Relief sought:
 - i. Penal compensation of ₹10,000 for 156 hrs of default (6 days 12 hrs beyond 24 hrs).
 - ii. Cost of this complaint ₹1,000.
 - iii. Any further relief the Forum deems fit.

Verification: I solemnly affirm that the facts stated are true to my knowledge and belief.

Place: Bengaluru

Date: ____/____/2026

(Signature of Ravi Kumar)

Enclosures:

1. Copy of complaint acknowledgement No. 456789 dated 3 Mar 2026.
2. Copy of latest electricity bill establishing consumer status.
3. Brief calculation sheet of compensation.

4. Applicable Laws (India)

- KERC (Standards of Performance) Regulations, 2021 – Regulation 7.2
- Consumer Protection Act, 2019 – Sections 2(11) & 49
- Electricity Act, 2003 – Sections 43 & 57 (contextual)

5. Identified Weaknesses

- No documentary proof of the exact outage duration (subdivision log or BESCOM outage SMS).
- No evidence that the fault was within BESCOM's LT network (could be internal wiring).
- No proof of repeated assurances (emails/acknowledgements).
- No quantified evidence of work-from-home income loss.

6. How to Strengthen Your Case

1. Obtain the outage report/SMS log from BESCOM online portal or subdivision office under RTI if refused.
2. Secure a written statement from the local lineman/junior engineer confirming the fault location was external.
3. Print/screenshot any email/WhatsApp from BESCOM staff promising restoration.
4. Prepare a simple ledger showing daily income lost (invoices, bank statements) to support consequential-damages plea (even though limited under SoP, it helps consumer-forum sympathy).

5. File the complaint within 30 days of the 9 March restoration to stay within limitation.

7. Evidence Checklist

- Complaint acknowledgement No. 456789 dated 3 Mar 2026
- Latest paid electricity bill
- Outage SMS/email from BESCOM or subdivision outage register extract
- Written statement/junction box photograph proving external fault
- Screenshots/printouts of assurance messages
- Income-loss ledger/bank statement for the outage week
